About HFHMM

What We Do

Through the homeownership model, we partner with low-income families to give them a hand up and not a hand out in their quest for simple, decent and affordable housing. First, we build new homes and rehab foreclosed properties throughout both counties. Secondly, we work with current homeowners to weatherize or repair their homes, removing blight and alleviating critical health, life and safety issues. At HFHMM, we are not only committed to meeting the housing needs of our community, we are also committed to providing residents with the full range of supportive services to help them maintain their homes and thrive.

Faith Sponsorship Program

Habitat for Humanity Metro Maryland partner families benefit in many ways from the financial support of sponsorships, and sponsors are enriched by the experience of supporting hard working low-income families who simply seek a hand up and not a hand out in the construction of a new home or the preservation of their existing home. Sponsors provide financial resources to pay for the construction materials for homes across Montgomery and Prince George's Counties.

Full house sponsorships allow individuals, corporations, and organizations to fully fund a home. A house sponsor agrees to provide financial support toward the construction of a house. Motivate your organization or congregation to build an entire home, and give the gift of homeownership to a deserving family or individual in our community. Your level of involvement in the building process can be tailored to fit the needs of your organization and provide a unique team-building opportunity.

Full House Sponsorship

House sponsors build hope in Montgomery and Prince George's counties by providing the funding to construct a specific home with Habitat. Not only do Habitat partner families benefit from the financial support of house sponsorships, but you, your family, or your organization will be enriched by the experience of supporting a hard-working, low-income family in the construction of their new home.
