

operations

There's more to Habitat than just swinging a hammer. Our dedicated office volunteers contribute volumes to our mission. Committee volunteers work with our partner families to guide them through the purchasing process, help manage our finances, and keep us running smoothly by assisting our staff with administrative tasks.

"I love working with Habitat for Humanity Metro Maryland and the opportunities provided to give back to the community. What a great group!"

-Mary LoGiudice, Board Member

why volunteer?

Incorporating service into your life can provide accomplishment, satisfaction and a sense of purpose. It can strengthen your community, and allow you to connect with others.

Habitat for Humanity Metro Maryland volunteers make it possible to fulfill our mission of providing strength, stability, and self-reliance through shelter.

“I loved working at Habitat! I enjoyed working in an office setting and learned a lot about data entry. My coworkers were great!”
-Taquan Carter, Ivy Mount School

In working with HFHMM, volunteers gain a sense of camaraderie with each other and gain a deeper understanding of how to help build, support and engage in their community.

We are an approved site for SSL hours, Community Service, Workforce Development, and Workmen's compensation.

construction

All you need is a desire to serve! With no experience required, construction is a simple way to get involved and see the end product of your work. Come and swing a hammer, chop some wood, or paint the walls. Whatever the job, we could use your help.

HFHMM also offers build days to groups. We are looking for team build sponsors, faith sponsors, and civic group sponsors.

So whether you are a home improvement pro or construction novice looking to serve, you will walk away with the satisfaction of making a difference.

“For me, spending a day with Habitat is almost always fun, frequently educational, and at the end of the day I've contributed to a house that will last for decades and a home that improves a family's life for generations.”
-Mike Zasadil, Crew Leader
